

Student Dashboard

TEAM:

- 1) Shubham Khunt
- 2) Archit Ghevariya

NOTE:

*Use maximum browser functionalities for below specified requirements and reduce load of backend as much as you can, remember to write **optimized** code not **ordinary** code.*

And after finishing frontend then ask for leader to review and once final then and then only backend coding should be initiated.

- Functional requirement :

- 1) On below section of dashboard home page, quick attendance feature should be there
 - Such as last 10 attendance
 - Please make one date picker and for quick attendance where on loading of
 - page you need to set current date and only that day attendance should be visible
 - With following column(order needed to be maintain to view on small screen)
 - 1.Number
 - 2.Subject

3. Status

NOTE: If in responsive layout Status is not visible then remove Number column and make it neat and intuitive.

2) On upper side of dashboard home page there should be classroom list of current semester in which student has enrolled.

For example,

Here

- 1) Display Subject name from the database
- 2) Display relevant faculty separated by comma or numbering

NOTE: there is no need for “see all...” link as student can have maximum 10 subject in each semester which will be easily visible on all size screens.

3) This below part should be dynamic according to current timing

- Good Morning,
- Good Afternoon,

- Good Evening,

NOTE:

Remove exclamation mark in above phrase instead use ','(comma)

- 4) On below part of dashboard page remove following as it is not needed

- 5) On below part of navbar panel remove following as it is not needed (for now)

Developers

NOTE: As you can see navbar is causing many issues like above given and below provided

Try to fix this or else make navbar like below stated.

It should be static on big displays

- 6) Replace logo and make logo file name should be *jpd-ams-logo._extension_*

7) Search bar should search **subject name only** like IOT,RDBMS etc..

Environmental Science

Dilbar Mehta

Search

Attendance Status

Present

Results should be like this:

IOT ×

^ Subject v	^ Attendance Status v
IOT	Present
IOT	Absent
IOT	Absent

ies)

Previous
1
Next

8) Remove profile option from here as it making redundancy of features

NOTE: instead of “student dashboard” we could write

course | current semester, I found it very convenient instead of simple text which makes not any extra sense.

Example,

B.Sc. (I.T.) | 5th

9) On each subject inner component make default shown entries 30

10) Instead of this search bar give drop down/month picker of selecting month so that month wise filtering can be done.

- 11) Remove hover effects on this status mark and remove "pending" (only Absent and Present are allowed !)

- Non-Functional requirement:

- 1) Event should be single click it means on single click card should be flipped to backside and on double click card should be visible into full screen and background must be black.

2) Virtual ID Card should only contain following information at back.

- SPID
- Date of birth
- Email
- Course name

NOTE: No need to write name at backside

3) This below part of profile should contain only below information in given sequence with appropriate controls.(read only)

1)Personal Information

- Full Name
- Gender
- Enrolment Number
 - Joining year
- Course **FULL NAME**

- Current Semester
- Current division
 - Division

2)Contact Information

- Email
- Phone Number

Personal Information

First Name

ARCHIT

Last Name

GHEVARIYA

Birth Date

08-03-2003

Gender

☒ Male ☐ Female

Semester

4th

Student Id

2020049819

Enrollment / Registration Id

E20110018000610015

Course Name

B. SC. (I. T.) (M. SC. (I. T.) 5 YEAR INTEGRATED COURSE) (M.SC. (I.T.) 2020-25)

Email

archit@vnsgu.ac.in

Mobile No.

9813245125

4) No change in About page still ask shikha tikiwala to go through content and revise it if needed rest of all are great.

About VNSGU

Veer Narmad South Gujarat University offers different programmes through well designed curricular, co-curricular and extra-curricular activities; undertakes research and reaches out to society at large with various extension activities, in order to empower its stakeholders for the world class skills in terms of : research and enquiry, creativity and innovation, capacity to use high technology and value-based ethical leadership.

About ICT Department

The institute was started in year 2000 and comes under the Veer Narmad South Gujarat University, Surat. The Courses offered here are a mixed blend of Computer Engineering, Computer Science, Business systems, Management, Electronics and Communication Engineering, computer Application etc. The goal of M.Sc(IT)/ICT Programs is to prepare students with intellectual and professional skills with breadth and depth of knowledge, to enable them to fetch challenging career opportunities in an ever-changing world of Information and communication technology.

About JPD-AMS

This is a fully functional RFID based attendance management system. Enables the faculties to record students' attendance in a fuss-free manner. It is basically a fusion of software, hardware and web-based application. The system is directly connected to the database without any intermediary.

Extremely fast, secure and reliable system for the department to maintain the daily attendance of students without any hassle. A major benefit of the system is its automation and quick response characteristic.
